RE: Recommendation Letter for Prycles Royall

To Whom it May Concern:

It has been a privilege knowing Prycles Royall from her initial matriculation to Virginia State University to the current date. She is an aspiring Mass Communications major that has excellent communication skills and demonstrates professionalism and integrity in everything that she does. Prycles has performed community service hours at VSU Postal Services. She was organized, responsible and a diligent team player when assisting student with receiving packages through the school mailing system. She was a true pleasure to work with. I have seen her grow as student and adult. I am a firm believer she will contribute greatly to any organization that may afford her the opportunity of membership. I wholeheartedly support Prycles Royall her in this endeavor.

Very Respectfully,

Maurice L. Pegram

Manager

Postal Services

Virginia State University
